**PROJECT DESCRIPTION AND FINDING**

PROJECT LOCATION: 715 N Pastoria Avenue

PROJECT DESCRIPTION: Proposed plan call for construction of a roof covered concrete pad to relocate treatment system and equipment currently located in the existing building used as R & D and manufacturing facility. The 20 ft X 41 ft concrete pad with adequate secondary containment volume to contain spill from the largest tank and sprinkler 0.25 gpm per square foot sprinkler flow will have two egresses.

FINDING: The proposed plan is desirable for efficient use of the space and creates safer working environment inside the building. The proposed plan is not materially detrimental to the public welfare or injurious to the property, improvements or uses within the immediate vicinity and within the zoning district.
